Notice of Returned Mail

if the court receives the Notice of § 341 meeting of creditors from the United States postal service as returned or undeliverable mail addressed to the creditor(s), or other specified entities: The Notice of Returned Mail event will be docketed and the address for the creditor will be removed from the CM/ECF mailing list as to prevent future returned or undeliverable mail. The attorney should immediately send a copy of the notice to the party(s) that did not receive service and file a certificate of service with the court. The attorney should also docket the address change via a text entry in CM/ECF.
