The Notice of Electronic Filing, NEF, issue has been resolved as of 5:30 PM CDT today. We apologize for any inconvenience this may have caused. Unfortunately, we are unable to resend NEFs that were not transmitted by ECF prior to this time. However, individuals who opted to receive a daily summary report should receive today's report as normal.

In order to assist in identifying the NEFs that should have been received, we have added a new feature to the ECF Utilities Menu called ECF Summary of NEFs. This feature will allow you to view all docketed events that should have generated an NEF.

Once again, we apologize for any inconvenience this may have caused. If you need assistance with the new ECF feature, please contact the court.

To use this new feature:

Select the "ECF Utilities"

Select "ECF Summary of NEFs"

Select a Date

Select Summary Text or Full Text

Select Run Report
