The local court VCIS Application (Voice Case Information System) has been successfully transitioned to the national MCVICIS Application that is currently hosted by the Bankruptcy Court in Boston, Massachusetts. This move will centralize the court's VCIS Application with many other court units. In doing so, the court will have affectively eliminated the cost of phone line connectivity and the overhead of hardware/software maintenance and support on the local court level. The local court VCIS application will be discontinued on Wednesday, August 31.

The new MCVICIS software application for Alabama Southern is available at this number:
866-222-8029

Please direct any questions and report any issues to the court at 251 441-5391.
