**For those that were unable to attend the 2nd Quarterly Best Practice Forum in Mobile on May 3, 2012. There was a lively discussion on the 'Application of Allowance of Fees from Chapter 13'. At this time the court will not be processing orders related to these applications in mass. Each case will be handled on a case by case basis. This topic will be further discussed on August 16, 2012 at the 3rd Quarterly Best Practice Forum. A presentation was given on some of the new features in CM/ECF 5.0. The court will begin testing the new software next week with a tentative go live date set for July 16, 2012. The materials handed out at the forum can be found on the courts website.**
